Education

Motilal Nehru National Institute of Technology, Allahabad

Bachelor of Technology in Computer Science and Engineering

2023-Present

CPI - 8.10 (till 6th Semester)

Holy Angels' School, Shahjahanpur

2023

12th - Indian School Certificate (I.S.C.)

Percentage - 87

Holy Angels' School, Shahjahanpur

2021

10th - Indian Certificate of Secondary Education (I.C.S.E.)

Percentage - 86

Experience

Product Developer Intern – Meetmux @ Altrodav Pvt. Ltd.

May 2026 – July 2026

Backend Development

Bengaluru, India

- Contributed to the development of a production-grade backend architecture focused on scalability, maintainability, fault isolation, and reliable inter-service communication.
- Developed a scalable microservices ecosystem using **NestJS** and **Nx Monorepo**, enabling efficient service orchestration and low-latency communication through **gRPC**.
- Standardized service-to-service communication using **Protocol Buffers (Protobuf)**, eliminating schema mismatches and drastically minimizing network overhead in a distributed environment.
- Implemented **Redis** caching and integrated **BullMQ** for robust asynchronous background job processing, reducing API response times by 40% and ensuring 99.9% reliable message queue management.

Software Developer Intern – LITSS, Department of IT, Lakshadweep (Govt. of India)

Nov 2025 – Feb 2026

Full-Stack Development

Remote, India

- Designed and prototyped user-centric interfaces for the official Lakshadweep Tourism Website using Next.js, enhancing usability and overall user experience.
- Implemented a secure authentication system and engineered the foundational database schema using Express.js for efficient data management.
- Integrated frontend features using Next.js in collaboration with cross-functional teams, ensuring timely delivery of project milestones.

Projects

IntegrityLens | Next.js, TensorFlow, CNN, FastAPI, Gemini LLM, Hugging Face

Jan 2026

- Engineered an AI-based structural health assessment system that detects wall defects, including cracks and spalling, using a custom CNN model deployed on Hugging Face.
- Leveraged the Google Gemini API to generate intelligent, condition-specific maintenance and repair recommendations from detected defects.

e-Gurukul | React.js, Shadcn UI, Node.js, Express, MongoDB, Cloudinary

May 2025 - July 2025

- Collaboratively designed and developed a full-stack e-learning platform using React.
- Built Node.js/Express/MongoDB REST APIs for users, courses and lectures.

ACHIEVEMENTS

- Selected for Amazon ML Summer School '26.
- Specialist on Codeforces (max. Rating, 1439).
- Globally ranked 65 among 14,000+ participants in CodeChef (Starters 188).
- Secured 6th position out of 200+ participants in Algo Elites T3, a competitive programming contest held at MNNIT.
- Secured 8th position out of 300+ teams in CodeStart 8.0, a team-based competitive programming contest.

Skills and Expertise

Languages: C, C++, JavaScript, Python

Backend: Node.js, NestJS, Express.js, TypeScript, REST APIs, gRPC, Microservices, Redis

Databases: PostgreSQL, MongoDB, Prisma ORM

Core Subjects: Data Structures, Algorithms, OOP, Operating Systems, DBMS, Computer Networks

Tools & Technologies: Git, GitHub, Postman, Sublime Text, VS Code

CODING PROFILES

LeetCode (Rated. Knight) | Codeforces (Rated. Specialist) | CodeChef (Rated. 3-Star)

Position of Responsibility

- Member, **Badminton Club, MNNIT-A** – Participated in college tournaments and club training. Oct 2023 - Jan 2025
- Member, **Cricket Club, MNNIT-A** – Actively involved in practice sessions and match coordination. Oct 2023- Jan 2025
